NMB Splice-Sleeve® introduces the A11W "Big Mouth" - Now on Sale!

NMB Splice-Sleeve® introduces wider opening sleeve – A11W.

Features:

- Wider opening (2.60") to give more tolerance to connect the foundation dowels;
- Can connect up to #11 rebar;
- Easy screw in type (by hand) rubber plug (EP);
- Uses US Schedule 40 PVC (3/4" for inlet port, 1/2" for outlet port)
